#### Join the Board – Coast and Country Community Services Ltd

##### *Volunteer Board Director Opportunity*

Help shape the future of an organisation that connects people, communities and essential services across regional New South Wales.

Coast and Country Community Services Ltd (CCCS) is a community-based, not-for-profit organisation dedicated to enabling people to connect with and participate in their communities. Through Community Transport, NDIS supports, Meals on Wheels, social support programs and other community services, we help people build independence, maintain connections and improve quality of life.

Since its formation in 2014, CCCS has grown significantly, bringing together community transport and support services across the Shoalhaven, Hilltops, Weddin, Bega Valley, Kiama and Wollongong-Shellharbour regions. As CCCS continues to evolve, we are seeking passionate and community-minded individuals to join our voluntary Board of Directors.

#### About the Role

As a Board Director, you will contribute to the governance, strategic direction and long-term sustainability of CCCS. Working with the Board of Directors and the Executive Team, you will help ensure CCCS continues to deliver high-quality services that respond to the changing needs of our communities.

Board Members are expected to attend approximately four Board meetings each year, as well as the AGM, review Board papers and meeting materials in advance, and contribute to Board discussions and decision-making. Board Members may also be invited to participate in Board committees, strategic planning activities and key organisational events.

Our Board is committed to governing in a way that reflects the values that underpin everything we do:

- **Care** – We act with compassion and seek positive outcomes for the communities we serve.
- **Inclusion** – We value diverse perspectives and strive to ensure everyone has a voice.
- **Respect** – We listen, learn and engage with our communities and stakeholders.
- **Reliability** – We provide responsible oversight and stewardship of community resources.
- **Quality** – We support continuous improvement and sustainable growth.
- **Integrity** – We act ethically, transparently and in the best interests of the organisation.

This is a voluntary position.
